

**Section 1: Identification****Product Identifier**

Product Name ProLine Sculpturing Wax, ProLine Diagnostic Wax, ProLine Margin Wax, ProLine Milling Wax, ProLine Sticky Wax, ProLine Dipping Wax, N&V Gray-Mod  
Product Code 41000, 41001, 41002, 41010, 41011, 41012, 41013, 41014, 41020, 41021, 41022, 41023, 41030, 41031, 41040, 41041, 41050, 41051, 41052, 41054, 90025

**Relevant identified uses of the substance or mixture and uses advised against**

Recommended use Used by dental professionals to manufacture wax patterns

**Details of the supplier of the safety data sheet**

Manufacturer/Supplier Vacalon Company Inc  
12960 Stonecreek Dr Ste C  
Pickerington, OH 43147 USA

**Section 2: Hazard Identification****Classification of the substance or mixture**

- Material is not classified as a hazardous material.

**Label elements**

- This product is not subject to identification regulations.

**Other information**

- Observe normal safety regulations and precautions when handling chemicals.
- Molten material burns skin on contact and fumes may cause irritation or eyes or upper respiratory system if exposed to molten fumes.

**Section 3. Composition/Information on Ingredients**

Chemical characterization • Mixture  
Description • Mixture waxes, resins and pigments.  
Hazardous Components • Product contains no hazardous components in reportable quantities under current regulations.

**Section 4. First-Aid Measures****Description of first-aid measures**

Inhalation • Inhalation of product at normal temperatures is unlikely. For inhalation of vapors and gases caused by thermal decomposition of the product: Move to fresh air. Seek medical attention if problems persist.  
Skin • If melted material contacts skin cool under running water. Wash with water and soap. Seek medical attention if irritation persists.  
Eye • Flush eyes with water for at least 15 minutes. Seek medical attention if problems persist.  
Ingestion • Rinse out mouth with water. Never give anything by mouth to unconscious person. Product is not expected to cause gastrointestinal irritation. When in doubt, or if symptoms are observed immediately get medical attention.

**Most important symptoms and effects, both acute and delayed**

- No data available

**Indication of any immediate medical attention and special treatment needed**

- No data available

**Section 5. Firefighting Measures****Extinguishing media**

Suitable extinguishing media

- Water haze or fog, Fire-extinguishing powder, Carbon Dioxide (CO<sub>2</sub>), Foam, Gaseous extinguishing agents

Unsuitable extinguishing media

- No data available

**Special hazards arising from the substance or mixture**

- Can be released in case of fire: Carbon Monoxide and/or Carbon Dioxide (CO<sub>2</sub>)

**Advice for firefighters**

- Fire fighters should wear complete protective clothing including self-contained breathing apparatus.

**Section 6. Accidental Release Measures****Personal precautions, protective equipment and emergency procedures**

- Wear gloves, goggles and suitable protective clothing.

**Environmental precautions**

- Avoid run off to waterways and sewers

**Methods and material for containment and cleaning up**

Containment/Clean-up measures

- Pick up material mechanically and place in suitable container for disposal as required by local regulations.
- Material is not a hazardous waste.

**Reference to other sections**

- No data available

**Section 7. Handling and Storage****Precautions for safe handling**

Handling

- Under normal circumstances no special handling requirements.
- For personal comfort avoiding excessive contact with skin and using good personal hygiene procedures is recommended.
- If handling in molten state it is recommended to wear thermal insulating gloves, protective clothing to cover skin and face shield.

Information about protection against explosion and fires

- No special requirements

**Condition for safe storage, including any incompatibilities**

Technical measures and storage conditions

- Do not store at temperatures exceeding 45°C (115°F) to avoid unwanted melting of product.
- Protect from heat and direct sunlight.
- Store in dry area

Information about common storage area

- No special requirements

Additional storage information

- No data available

**Section 8. Exposure Controls/Personal Protection****Control parameters**

Occupational Exposure Limit Values

- No data available

**Exposure Controls**

Engineering measures/controls

- No data available

Personal Protective Equipment

Respiratory

- In case of insufficient ventilation, wear suitable respiratory equipment.

Eye/Face

- Wear safety glasses

Hands

- Wear appropriate thermal insulating gloves if handling molten product.

Skin/Body

- Lightweight protective clothing to cover skin.

**Section 13. Disposal Considerations****Waste treatment methods**

Recommendation	• No data available.
Contaminated packaging	• No data available.
Other	• Waste is not hazardous as defined by RCRA (40 CFR)

**Section 14. Transport Information****Land Transport**

UN number	• Not applicable
UN proper shipping name	• Not applicable
Transport hazard classes	• Not applicable
Note	• Product is not dangerous according to regulations

**Marine Transport**

UN number	• Not applicable
UN proper shipping name	• Not applicable
Transport hazard classes	• Not applicable
Marine pollutant	• No
Note	• Product is not dangerous according to regulations

**Air Transport**

UN/ID number	• Not applicable
UN proper shipping name	• Not applicable
Transport hazard classes	• Not applicable
Note	• Product is not dangerous according to regulations

**Section 15. Regulatory Information****Safety, health and environmental regulations/legislation specific for the substance or mixture**

OSHA Hazardous Communications Standard (29CFR 1910.1200)	• This product is not considered hazardous
SARA Hazard Categories	• No data available
TSCA	• This product contains materials listed in the TSCA inventory or otherwise complies with TSCA requirements.
CERCLA	• No reportable ingredients
US - SARA - Section 313	• No reportable ingredients
California Prop 65	• This product contains no chemicals known by the state of California to cause cancer or birth defects.

**Section 16. Other Information**

Last Revision Date	• New SDS
Preparation Date	• 03/01/2015
Disclaimer	

This document has been prepared using data from current manufacturer's SDS's of the component parts of the product and from other sources considered to be technically reliable. This document is not meant to be an all-inclusive document on worldwide hazard communication regulations and shall be used only as a guide. Each user of this material needs to evaluate the conditions of use and design the appropriate protective mechanisms to prevent employee exposures, property damage or release to the environment, in addition to complying with all Federal, State, Provincial and Local laws and regulations. The information contained in this SDS is furnished without warranty, expressed or implied, regarding the accuracy or results obtained from the use thereof. Vacalon assumes no legal responsibility for the use or reliance upon the data in this sheet. In no event will the manufacturer or the distributor be responsible for damages of any nature whatsoever resulting from the use of or reliance upon this information or the misuse of the product.
